

## **BLG Newsletter for Week of March 2, 2026**

**Thanks** – to John who got the truckful of manure shoveled into Bin#11 bright and early Monday morning

- and to Bill who got there bright and early Tuesday morning to do the job, not knowing that John had beat him to it!
- and also to John who made several trips to Loaves & Fishes in hopes of getting a load of old vegies for our compost before getting lucky with a good load
- to Les who helped unload the donation of lumber that Mike acquired recently which will be used by BLG and Pine St.
- to Joan B. for the signs she made for Seedy
- to Helga packaging up 18 cups of little red wrigglers from our worm farm to sell at Seedy Sunday...14 got sold @\$4 each

**Seedy Sunday** – Thanks to **all the volunteers** who helped with Seedy Sunday, but especially to Les who was there from beginning to end and was last seen watering planterboxes in GH and to several volunteers who extended the lengths of their shifts to cover for two who decided, wisely, to stay home with their cases of 'flu!

Total taken for the day, including tablet transactions, came to \$569.50.

**Soup & Bees** – Has been postponed indefinitely.

**Board Meeting** – It was great to see Sandra, Les, and Loring attending this meeting. The NCGS AGM, which includes a potluck supper, is coming up in April. Date to be announced soon.

**It's Plant Label Sticker Time !** – In the next week or two, homework packages will be ready to take home. Lee printed all the label sheets we need for this sales season in record time. A homework package, for those of you who are new to this activity, contains some computer-printed sheet of stickers, some bundles of blank venetian blind labels, and instructions on how to put them together. This activity is really meant to be done at home since there are so many

gardening jobs that need to be done at BLG during the work parties. They will be distributed at the end of work parties in the clubhouse. Pat or Chris will be there to demonstrate for those new to the job.

**Dates to Remember** -

Sun., March 8 – Daylight Savings time begins

Mon., March 9 – Monday workparties start up again from 4pm to 6pm

Sat., March 14 – Saturday workparties start up again from 10 to noon
